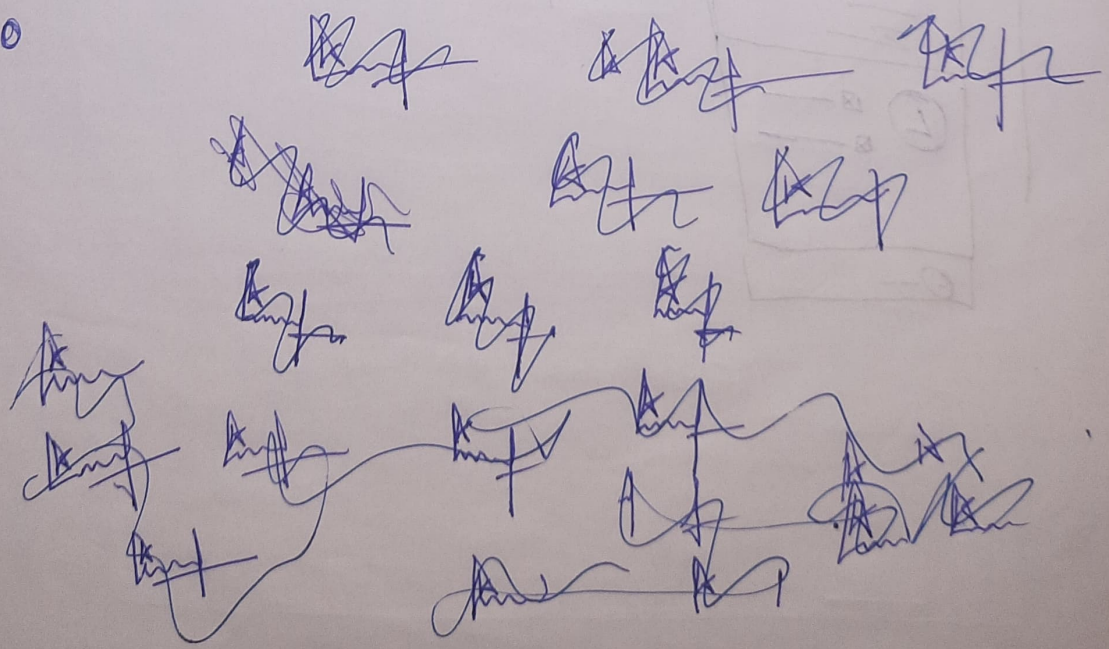
requirements

probably either need to use ~~chromium or~~ web scraping

- web scraping content from social media sites using
  - ~~~~ python
    - → instagram
    - → twitter
    - → maybe youtube (only shorts perhaps)
    - → TikTok
    - → Facebook

~~directly see your messages~~

- Follow influencers ~~~~ on multiple platforms simultaneously ~~~~ without having to log in.

  or maybe optional log in


-
